

Prepared by the Defense Mapping Agency Topographic Center, Washington, D. C. Compiled in 1954 by photogrammetric methods. Aerial photographs taken 1952. Photographs field annotated 1954. Revised by the U. S. Geological Survey from aerial photographs taken 1976 and other source data. Revised information not field checked. Map edited 1978.

100,000-foot grids based on Texas coordinate system, central and south-central zones.

Location of geodetic control established by government agencies is shown on corresponding 1:250,000-scale Geodetic Control Diagram.

There may be private inholdings within the boundaries of the National or State reservations shown on this map.

100,000 M. SQUARE IDENTIFICATION

1. Road letters identifying 100,000 meter squares in which the point is located.

2. Locate first VERTICAL grid line to LEFT of the point and read LARGE figure labeling the line either in the top or bottom margin, or on the first sheet.

3. Estimate tenths from grid line to point: point and read LARGE figure labeling the line either in the top or bottom margin, or on the first sheet.

4. Estimate tenths from grid line to point: point and read LARGE figure labeling the line either in the top or bottom margin, or on the first sheet.

5. Estimate tenths from grid line to point: point and read LARGE figure labeling the line either in the top or bottom margin, or on the first sheet.

6. Estimate tenths from grid line to point: point and read LARGE figure labeling the line either in the top or bottom margin, or on the first sheet.

7. Estimate tenths from grid line to point: point and read LARGE figure labeling the line either in the top or bottom margin, or on the first sheet.

8. Estimate tenths from grid line to point: point and read LARGE figure labeling the line either in the top or bottom margin, or on the first sheet.

9. Estimate tenths from grid line to point: point and read LARGE figure labeling the line either in the top or bottom margin, or on the first sheet.

10. Estimate tenths from grid line to point: point and read LARGE figure labeling the line either in the top or bottom margin, or on the first sheet.
