Topography by photogrammetric methods from aerial photographs taken 1967. Field checked 1967

Polyconic projection. 1927 North American datum

10,000-foot grid based on Texas coordinate system, south zone

1000-meter Universal Transverse Mercator grid ticks, zone 14, shown in blue

Fine red dashed lines indicate selected fence lines

To place on the predicted North American Datum 1983 move the projection lines 28 meters south and 30 meters east as shown by dashed corner ticks

| ROAD CLASSIFICATION                          |                                                |  |  |
|----------------------------------------------|------------------------------------------------|--|--|
| Primary highway, all weather, hard surface   | Light-duty road, all weather, improved surface |  |  |
| Secondary highway, all weather, hard surface | Unimproved road, fair or dry weather           |  |  |
|                                              | State Route                                    |  |  |
