

Produced by the United States Geological Survey

Topography compiled 1949. Planimetry derived from imagery taken 1980 and other sources. Photoinspected using imagery dated 1997; no major culture or drainage changes observed. Survey control current as of 1992. Boundaries verified 1999.

Selected hydrography data compiled from NOS surveys (1927 to 1952). This information is not intended for navigational purposes.

North American Datum of 1927 (NAD 27). Projection and 10 000-foot ticks: North Carolina coordinate system (Lambert conformal conic). 1000-meter Universal Transverse Mercator grid, zone 18.

North American Datum of 1983 (NAD 83) is shown by dashed corner ticks. The values of the shift between NAD 27 and NAD 83 for 7.5-minute intersections are obtainable from National Geodetic Survey NADCON software.

There may be private inholdings within the boundaries of the National or State reservations shown on this map. Information shown in purple may not meet USGS content standards and may conflict with previously mapped contours.
