

This is a detailed topographic map of the Pisgah National Forest area, showing the Roan Mountain and Yellow Mountain regions. The map features contour lines, roads, and various geographical features. A red line highlights a specific route or boundary. The map is labeled with "CHEROKEE NATIONAL FOREST" and "PISGAH NATIONAL FOREST". It includes a coordinate grid and a scale bar.

The map shows the following features:

- Geographical Features:** Roan Mountain, Yellow Mountain, Doublehead Mountain, Lightwood Mountain, Hawk Mountain, Cane Creek, and various ridges and valleys.
- Roads:** Numerous roads are shown, including US highways (e.g., US 421, US 19, US 127) and local roads.
- Water Features:** Roan River, Yellow River, and various creeks and streams.
- Boundaries:** The map shows the boundary between Cherokee National Forest and Pisgah National Forest, as well as the boundary between Tennessee and North Carolina.
- Coordinate Grid:** The map includes a coordinate grid with latitude and longitude coordinates.
- Scale Bar:** A scale bar is located at the bottom of the map, indicating distances in miles and feet.

The map is a detailed representation of the terrain, showing the rugged topography of the region. The red line highlights a specific route or boundary, which may be of interest to hikers or researchers. The map is a valuable resource for understanding the geography and topography of the Pisgah National Forest area.
