

Produced by the United States Geological Survey in cooperation with the North Carolina Department of Environment and Natural Resources. Topography compiled by photogrammetric methods from aerial photographs taken 1981. Planimetry derived from imagery taken 1997 and other sources. Survey control current as of 1983 North American Datum of 1983 (NAD 83). Projection and 1 000-meter grid: Universal Transverse Mercator, zone 17 2 500-meter ticks: North Carolina Coordinate System of 1983 North American Datum of 1927 (NAD 27) is shown by dashed corner ticks. The values of the shift between NAD 83 and NAD 27 for 7.5-minute intersections are available from National Geodetic Survey NADCON software. Dashed elliptical outline represents Carolina Bay.
