

A.M.S. V742  
AMS 3, 1948.

Prepared under the direction of the Chief of Engineers by the Army Map Service (AM), U. S. Army, Washington, D. C. Copied in 1948 from North Carolina, 1:62,500, AMS, Sheet 5553 II, 1942. Original map compiled from aerial photography by stereophotogrammetric methods. Aerial photography by U. S. Army Air Force, 1942. Horizontal and vertical control by USGS and USC&GS. Scale changed, Universal Transverse Mercator Grid added and marginal data revised, 1946. This map complies with the national standard map accuracy requirements. Universal Transverse Mercator grid changed from 1,000 yard to 1,000 meter interval, 1948.

## LEGEND

Only landmark buildings are shown in the city of Swansboro.  
In developed areas, only through roads are classified.

## ROAD DATA 1942

|                                                                                  |                                         |
|----------------------------------------------------------------------------------|-----------------------------------------|
| Hard surface, heavy duty road,<br>more than two lanes wide                       | Loose surface, graded, dry-weather road |
| Hard surface, heavy duty road,<br>two lanes wide, Federal route marker           | Trail, unimproved road                  |
| Secondary, hard surface, all-weather road,<br>two lanes wide, State route marker | Railroad in street, Carline in street   |
|                                                                                  | UNDER CONSTRUCTION                      |
|                                                                                  | Single track Double track               |
|                                                                                  | ABANDONED                               |
|                                                                                  | Single track Double track               |
|                                                                                  | Double track carline                    |
| RAILROADS                                                                        |                                         |
| Standard gauge                                                                   | Single track Double track               |
| Narrow gauge                                                                     |                                         |
| Single track carline                                                             |                                         |
| BOUNDARIES                                                                       |                                         |
