Base map prepared by Defense Mapping Agency by photogrammetric methods and from 1:24,000-scale maps dated 1947-50. Field checked 1953. Revised by the U. S. Geological Survey from aerial photographs taken 1976 and other source data. Revised information not field checked. Map edited 1980

Selected hydrographic data from NOS charts. This information is not intended for navigational purposes.

Transverse Mercator Projection. 10,000-meter Universal Transverse Mercator grid, zone 18. 100,000-foot grid ticks based on North Carolina coordinate system. 1927 North American Datum. To place on the predicted North American Datum 1983, move the projection lines 12 meters south and 28 meters west.

Location of geodetic control established by government agencies is shown on corresponding 1:250,000-scale Geodetic Control Diagram.
