

This topographic map depicts the La Cueva Peak area in the Sierra Nevada. The map features contour lines indicating elevation, with major peaks like La Cueva Peak (10,669 feet) and Cerro del Oso (12,451 feet). Key geographical features include La Cueva Lake, Sulphur Spring, and the Rio Grande. The map also shows the location of La Cueva Peak and the surrounding terrain, including the Fowler Canyon and the Cuchillas. The map is overlaid with a grid showing coordinates in both feet (East and Central) and meters (North).

This topographic map depicts the Santa Fe region, characterized by the winding Santa Fe River and the Santa Fe Canyon. Key features include the Rancho del Norte, the Valle de Los Romeros, and the Cerro Olla. The map is overlaid with a grid system, with coordinates 460, 461, and 462 marked along the top and bottom edges. Contour lines indicate elevation, with peaks such as 11932 and 11472. The map also shows the boundary of the Rancho del Norte and the Santa Fe Canyon. The area is labeled with 'GRANDE GRANT' and 'CARRISON'. The map includes a grid system with coordinates 460, 461, and 462 along the top and bottom edges. The map also shows the boundary of the Rancho del Norte and the Santa Fe Canyon. The area is labeled with 'GRANDE GRANT' and 'CARRISON'. The map includes a grid system with coordinates 460, 461, and 462 along the top and bottom edges. The map also shows the boundary of the Rancho del Norte and the Santa Fe Canyon. The area is labeled with 'GRANDE GRANT' and 'CARRISON'.

Topographic map of the Chacon area, showing contour lines, roads, and a red boundary line. The map includes a scale bar and a north arrow. A circular stamp on the right side reads: "MISSISSIPPI HISTORICAL MAP ARCHIVES", "OCT 3 1997", and "REC'D FILE COPY". A barcode at the bottom right shows the number 9 780607 885927.
