

This is a detailed topographic map of a region in New Mexico, showing the confluence of the Cimarron and Cienega Rivers. The map includes a grid with township and range coordinates (e.g., T 26 N, R 24 E), section numbers, and various geographical features like mountains, lakes, and towns. Key locations include Spangor, Taylor Springs, and the Big Bend National Monument. The map is labeled with "BEAUBIEN AND MIRANDA" and "MAXWELL" in large red letters.

- Contours and elevations in meters
- Highways, roads and other manmade structures
- Water features
- Woodland areas
- Geographic names

Compiled from USGS 1:24 000 and 1:62 500-scale topographic maps dated 1956-1974. Partially revised from aerial photographs taken 1975-76 and other source data
Revised information not field checked
Map edited 1981

Projection and 10 000-meter grid, zone 13
Universal Transverse Mercator
25 000-foot grid ticks based on New Mexico coordinate
system, east zone. 1927 North American datum
To place on the predicted North American Datum 1983 move
the projection lines 47 meters east

CONTOUR INTERVAL 20 METERS
NATIONAL GEODETIC VERTICAL DATUM OF 1929

THIS MAP COMPLIES WITH NATIONAL MAP ACCURACY STANDARDS

Primary highway, hard surface
Secondary highway, hard surface
Light duty road, gravel, sand, or improved surface
Heavy duty road or street, full
Other road or street, full
Water marker: Interstate: U. S. State
National standard gauge; narrow gauge
ridge; overpass; underpass
Railroad track, railroad
Spot or area; locality; elevation
Airport; landing field; landing strip
National boundary
State boundary
International or State reservation boundary
and grant boundary
U. S. public lands survey: range, township; section
line
Highway, survey; section line; protracted
over reconstruction line; pipeline
Canal; dam with lock
Cemetery; building
Windmill; water wheel; spring
Fire shaft; adit or cave; mine; gravel pit
Dam; irrigation; picnic area; (U. S. location monument
line)
U.S. cliff dwelling
Isolated surface: strip mine; lava; and
contours: index; intermediate; supplementary
Watercourse: contour; index; intermediate
Watercourse: lake; perennial; intermittent
Contour: large and small; falls, large and small
Area to be submerged; marsh, swamp
and subject to controlled inundation; woodland
Marsh; mangrove
