SHEEP DRAW QUADRANGLE  
NEW MEXICO—OTERO CO.  
7.5 MINUTE SERIES (TOPOGRAPHIC)

Mapped, edited, and published by the Geological Survey  
Control by USGS and USC&GS  
Topography by photogrammetric methods from aerial  
photographs taken 1968. Field checked 1969  
Polyconic projection. 1927 North American Datum  
10,000-foot grid based on New Mexico coordinate system,  
central zone  
1000-meter Universal Transverse Mercator grid ticks,  
zone 13, shown in blue  
Fine red dashed lines indicate selected fence lines  
To place on the predicted North American Datum 1983  
move the projection lines 9 meters south and  
48 meters east as shown by dashed corner ticks

ROAD CLASSIFICATION

|                                              |                                                |
|----------------------------------------------|------------------------------------------------|
| Primary highway, all weather, hard surface   | Light-duty road, all weather, improved surface |
| Secondary highway, all weather, hard surface | Unimproved road, fair or dry weather           |
| Interstate Route                             | U. S. Route                                    |
|                                              | State Route                                    |
