IDAHO

1993

1:100 000-scale *metric*
topographic map

30 X 60 MINUTE QUADRANGLE
SHOWING

- **Contours and elevations in meters**
- **Highways, roads and other manmade structures**
- **Water features**
- **Woodland areas**
- **Geographic names**

1993

Produced by the United States Geological Survey

Compiled from USGS 1:24 000-scale topographic maps dated 1958–1966. Planimetry revised from aerial photographs taken 1974 and other source data. Revised information not field checked. Map edited 1993

1927 North American Datum (NAD 27). Projection and 10 000-meter-grid: Universal Transverse Mercator, zone 12. 50 000-foot ticks: Idaho coordinate system, central zone.

The difference between NAD 27 and North American Datum 1983 (NAD 83) is too small to show at this scale. The value of the shift between the datums for 7.5-minute intersections are given in USGS Bulletin 1875.

There may be private inholdings within the boundaries of the National or State reservations shown on this map

CONTOUR INTERVAL 50 METERS

Topographic Map Symbols

Primary highway, hard surface _____

Secondary highway, hard surface _____

Light duty road, principal street, hard or improved surface _____

Other road or street, trail _____

Road marker: Interstate, U. S., State.
Railroad: standard gauge; narrow gauge _____

Bridge; overpass; underpass _____

Tunnel: road; railroad _____

Built up area; locality; elevation _____

Airport; landing field; landing strip _____

National boundary _____

State boundary _____

County boundary _____

National or State reservation boundary _____

Land grant boundary _____

U. S. public lands survey: range, township; section _____

Range, township; section line: protracted _____

Power transmission line; pipeline _____

Dam; dam with lock _____

Cemetery; building _____

Windmill; water well; spring _____

Mine shaft; adit or cave; mine, quarry; gravel pit _____

Camppground; picnic area; U. S. national monument _____

Ruins; ditch dwelling _____

Disturbed area: strip mine; lava; sand _____

Contour: index; intermediate; supplementary _____

Bathymetric contours: index; intermediate _____

Stream, lake: perennial; intermittent _____

Rapids; large and small; falls, large and small _____

Area to be submerged; marsh, swamp _____

Water subject to controlled inundation; woodland _____

Shrub; mangrove _____

Orchard & vineyard _____

A pamphlet describing topographic maps is available on request.
