Topography by photogrammetric methods from aerial photographs
taken 1972. Field checked 1973. Map edited 1978

Bathymetry compiled by the National Ocean Survey from
tide-coordinated hydrographic surveys. This information
is not intended for navigational purposes

Mean lower low water (dotted) line and mean high water (solid) line
compiled by NOS from tide-coordinated aerial photographs

Projection and 10,000-foot grid ticks: Washington coordinate
system, north zone (Lambert conformal conic)
1000-meter Universal Transverse Mercator grid, zone 10
1927 North American Datum
To place on the predicted North American Datum 1983
move the projection lines 23 meters north and
94 meters east as shown by dashed corner ticks

Red tint indicates areas in which only landmark buildings
are shown

Fine red dashed lines indicate selected fence lines

There may be private inholdings within the boundaries of
the National or State reservations shown on this map
