Diagram illustrating the location of the quadrangle in South Carolina. The diagram shows a map of South Carolina with a star indicating the location of the quadrangle. To the left of the map is a diagram showing the relationship between the quadrangle and the larger area. The diagram shows a vertical line with a star at the top. Two points on the line are labeled 'MN' and 'GN'. A horizontal line segment is labeled '53 MILS' and '3°'. Below this, a smaller horizontal line segment is labeled '0.02' and '1 MIL'.
