

Produced by the United States Geological Survey in cooperation with State of Georgia agencies

Planimetry by photogrammetric methods from imagery dated 1974

Topography by planimetric surveys 1958. Revised from imagery dated 1993 and other sources. Field checked 1993. Map edited 1995

Bathymetry compiled by the National Ocean Service from tide-coordinated hydrographic survey. This information is not intended for navigational purposes

Mean lower low water (dotted) line and mean high water (heavy solid) line compiled by NOS from tide-coordinated imagery. Apparent shoreline (outer edge of vegetation) shown by light solid line

North American Datum of 1927 (NAD 27). Projection and blue 1000-meter ticks: Universal Transverse Mercator, zone 17

10 000-foot ticks: Georgia coordinate system, east zone

North American Datum of 1983 (NAD 83) is shown by dashed corner ticks. The values of the shift between NAD 27 and NAD 83 for 7.5-minute intersections are obtainable from National Geodetic Survey NADCON software

There may be private inholdings within the boundaries of the National or State reservations shown on this map
