

Mapped, edited, and published by the Geological Survey
Control by USGS and USBR
Topography from aerial photographs by photogrammetric methods
Aerial photographs taken 1950. Field check 1952
Polyconic projection. 1927 North American datum
10,000-foot grid based on Utah coordinate system, north zone
1000-meter Universal Transverse Mercator grid ticks,
zone 12, shown in blue

ROAD CLASSIFICATION
Primary highway, hard surface
Secondary highway, hard surface
Unimproved road
Interstate Route
U. S. Route
State Route
Light-duty road, hard or improved surface
Unimproved road
