Mapped, edited, and published by the Geological Survey

Control by USGS, NOS/NOAA, and New Jersey Geodetic Survey

Planimetry by photogrammetric methods from aerial photographs taken 1951. Topography by planetable surveys 1952–1953. Revised 1967

Polyconic projection. 10,000-foot grid ticks based on New Jersey coordinate system. 1000-meter Universal Transverse Mercator grid ticks, zone 18, shown in blue. 1927 North American Datum. To place on the predicted North American Datum 1983 move the projection lines 6 meters south and 32 meters west as shown by dashed corner ticks

Fine red dashed lines indicate selected fence and field lines where generally visible on aerial photographs. This information is unchecked

There may be private inholdings within the boundaries of the National or State reservations shown on this map

Revisions shown in purple compiled from aerial photographs taken 1975 and other sources. This information not field checked. Map edited 1981
