

Prepared under the direction of the President, Mississippi River Commission.
Horizontal control by Mississippi River Commission and Corps of Engineers,
U. S. Army, Memphis District.
Vertical control by Mississippi River Commission and Corps of Engineers,
U. S. Army, Memphis District.
Descriptions, elevations and geodetic positions of bench marks may be
obtained from Memphis Engineer District, Memphis, Tenn.
Topography by Corps of Engineers, U. S. Army, Memphis District, 1930-41.
Revised by Mississippi River Commission, 1932, 1935 and 1941.
Political boundaries are shown according to best available information and
are subject to change except where established by court decision.
Work under Flood Control Act shown as of December, 1941.
Polyconic Projection, North American Datum.

Datum is mean gulf level at Biloxi, Mississippi. Elevations differ from mean sea level elevations as determined
by the U. S. Coast and Geodetic Survey, by small fractions of a foot. Persons interested may secure elevations of bench
marks as determined by the latest U. S. C. & G. S. adjustment, by applying to the U. S. Coast and Geodetic Survey.

Additional copies may be procured from
The President, Mississippi River Commission,
Vicksburg, Miss. 20 cents per copy
