Mapped by the Army Map Service  
Edited and published by the Geological Survey  
Control by USGS, NOS/NOAA, USCE, and Tennessee Valley Authority  
Topography by photogrammetric methods from aerial photographs taken 1952. Field checked 1953. Revised by the Geological Survey from aerial photographs taken 1971. Field checked 1972.  
Polyconic projection. 10,000-foot grid ticks based on South Carolina coordinate system, north zone. 1000-meter Universal Transverse Mercator grid ticks, zone 17, shown in blue. 1927 North American Datum.  
The difference between 1927 North American Datum and North American Datum of 1983 (NAD 83) for 7.5-minute intersections is given in USGS Bulletin 1875. The NAD 83 is shown by dashed corner ticks.  
Short dashed blue lines indicate elliptical bay outlines visible on aerial photographs.  
There may be private inholdings within the boundaries of the National or State reservations shown on this map

Revisions shown in purple and woodland compiled by the Geological Survey from aerial photographs taken 1980 and other sources. This information not field checked. Map edited 1982

ROAD CLASSIFICATION

|                                 |                                           |
|---------------------------------|-------------------------------------------|
| Primary highway, hard surface   | Light-duty road, hard or improved surface |
| Secondary highway, hard surface | Unimproved road                           |
| Interstate Route                | U. S. Route                               |
|                                 | State Route                               |
