

ISBN 0-607-90844-0

This topographic map depicts the Deerlodge National Forest and surrounding areas. The map is characterized by brown contour lines indicating elevation, with major peaks reaching over 10,000 feet. A prominent red line represents the Continental Divide, running diagonally across the center. The map is divided into 36 numbered sections (1-36) by a grid of red lines. Key geographical features include:

- Water Bodies:** Numerous lakes and reservoirs are shown in blue, including Tenmile Lake, Miller Lake, and several smaller lakes in the western and southern sections.
- Streams and Rivers:** Blue lines represent water courses, such as Tenmile Creek, Miller Creek, and the Deerlodge River.
- Administrative Boundaries:** Red lines delineate the boundaries of the Deerlodge National Forest, Beaverhead National Forest, and various districts within the forest.
- Topography:** The terrain is rugged, with steep slopes and deep valleys. Elevation ranges from approximately 7,000 feet to over 10,000 feet.
- Grid System:** The map is overlaid with a grid of red lines, with section numbers 1 through 36 printed in red. A coordinate grid is also present, with latitude and longitude markings along the edges.

The map includes labels for various locations and features, such as "Deerlodge National Forest", "Beaverhead National Forest", "Continental Divide", "Tenmile Creek", "Miller Lake", "Deerlodge River", and "Mount Evans". The map is oriented with North at the top, and the scale is indicated as 1:100,000.
