GEOLOGICAL SURVEY

1993

Produced by the United States Geological Survey

Compiled from USGS 1:24 000-scale topographic maps
dated 1953–1996. Planimetry revised from aerial
photographs taken 1991 and other source data. Revised
information not field checked. Map edited 1993

1927 North American Datum (NAD 27). Projection and
10 000-meter-grid: Universal Transverse Mercator, zone 12
50 000-foot ticks: Montana coordinate system, south zone
The difference between NAD 27 and North American Datum of
1983 (NAD 83) is too small to show at this scale. The values
of the shift between the datums for 7.5-minute intersections
are given in USGS Bulletin 1875

There may be private inholdings within the boundaries of
the National or State reservations shown on this map
