GEOLOGICAL SURVEY

1987

Produced by the United States Geological Survey

Compiled from USGS 1:24 000-scale topographic maps dated 1965-1979. Planimetry revised from aerial photographs taken 1980 and other source data. Revised information not field checked. Map edited 1987.

Projection and 10 000-meter grid, zone 12 Universal Transverse Mercator. 25 000-foot grid ticks based on Montana coordinate system, south zone and Idaho coordinate system, east zone 1927 North American Datum.

To place on the predicted North American Datum 1983 move the projection lines 12 meters north and 67 meters east. There may be private inholdings within the boundaries of the National or State reservations shown on this map.
