

Mapped, edited, and published by the Geological Survey

Control by USGS and NOS/NOAA

Topography by photogrammetric methods from aerial photographs taken 1971. Field checked 1972

Projection: Oregon coordinate system, south zone (Lambert conformal conic)  
10,000-foot grid ticks based on Oregon coordinate system, south and north zones  
1000-metre Universal Transverse Mercator grid ticks zone 11, shown in blue. 1927 North American datum

Fine red dashed lines indicate selected fence lines

| ROAD CLASSIFICATION             |                                           |
|---------------------------------|-------------------------------------------|
| Primary highway, hard surface   | Light-duty road, hard or improved surface |
| Secondary highway, hard surface | Unimproved road                           |
| Interstate Route                | U. S. Route                               |
|                                 | State Route                               |
