Mapped, edited, and published by the Geological Survey

Control by USGS, NOS/NOAA, and Los Angeles City and County

Topography by photogrammetric methods from aerial photographs taken 1964. Field checked 1966
Supersedes map surveyed 1923–25, revised 1953

Polyconic projection. 10,000-foot grid ticks based on California coordinate system, zone 7. 1000-meter Universal Transverse Mercator grid ticks, zone 11, shown in blue. 1927 North American Datum. To place on the predicted North American Datum 1983 move the projection lines 2 meters north and 85 meters east as shown by dashed corner ticks

Red tint indicates areas in which only landmark buildings are shown

A portion of the south half of this map lies within a subsidence area
Vertical control based on the latest available adjustment

There may be private inholdings within the boundaries of the National or State reservations shown on this map

Revisions shown in purple and woodland compiled from aerial photographs taken 1978 and other sources. This information not field checked. Map edited 1981

Purple tint indicates extension of urban areas

GN MN 0°40′ 12 MILS 14° 249 MILS
