

Mapped, edited, and published by the Geological Survey

Control by USGS and NOS/NOAA

Topography by photogrammetric methods from aerial photographs taken 1970. Field checked 1972

Projection and 10,000-foot grid ticks: Nevada coordinate system, east zone (transverse Mercator)

1000-meter Universal Transverse Mercator grid ticks, zone 11, shown in blue

1927 North American Datum

To place on the predicted North American Datum 1983 move the projection lines 5 meters north and 75 meters east as shown by dashed corner ticks

Certain land lines are omitted because of insufficient data

| ROAD CLASSIFICATION             |                                           |
|---------------------------------|-------------------------------------------|
| Primary highway, hard surface   | Light-duty road, hard or improved surface |
| Secondary highway, hard surface | Unimproved road                           |
| Interstate Route                | U. S. Route                               |
|                                 | State Route                               |
