

Mapped, edited, and published by the Geological Survey  
Control by USGS and NOS/NOAA  
Topography by photogrammetric methods from aerial  
photographs taken 1970. Field checked 1971  
Projection and 10,000-foot grid ticks: Nevada coordinate  
system, east zone (transverse Mercator)  
1000-meter Universal Transverse Mercator grid ticks,  
zone 11, shown in blue. 1927 North American datum  
To place on the predicted North American Datum 1983  
move the projection lines 12 meters north and  
72 meters east as shown by dashed corner ticks  
Fine red dashed lines indicate selected fence lines  
Certain land lines are omitted because of insufficient data

| ROAD CLASSIFICATION                |                                              |
|------------------------------------|----------------------------------------------|
| Primary highway,<br>hard surface   | Light-duty road, hard or<br>improved surface |
| Secondary highway,<br>hard surface | Unimproved road                              |
| Interstate Route                   | U. S. Route                                  |
|                                    | State Route                                  |
