ROAD CLASSIFICATION

Primary highway, hard surface
Secondary highway, hard surface
Light-duty road, hard or improved surface
Unimproved road
Interstate Route
U. S. Route
State Route

MISSOURI
QUADRANGLE LOCATION

Produced by the United States Geological Survey

Control by USGS and NOS/NOAA
Compiled from aerial photographs taken 1986
Field checked 1989. Map edited 1991
Projection and 10,000-foot grid ticks: Missouri coordinate system, west zone (transverse Mercator)
1000-meter Universal Transverse Mercator grid, zone 15
1927 North American Datum
The difference between 1927 North American Datum and North American Datum of 1983 (NAD 83) for 7.5-minute intersections is given in USGS Bulletin 1875. The NAD 83 is shown by dashed corner ticks
There may be private inholdings within the boundaries of the National or State reservations shown on this map
Areas covered by dashed light-blue pattern are subject to controlled inundation by Harry S Truman Reservoir
Fine red dashed lines indicate selected fence and field lines where generally visible on aerial photographs. This information is unchecked
