Produced by the United States Geological Survey in cooperation with State of Louisiana agencies

Control by USGS and NOS/NOAA
Planimetry by photogrammetric methods from aerial photographs taken 1971. Topography by planetable surveys 1973. Revised from aerial photographs taken 1989. Map edited 1993
Projection and 10,000-foot grid ticks: Louisiana coordinate system, south zone (Lambert conformal conic)
1000-meter Universal Transverse Mercator grid ticks, zone 16, shown in blue
1927 North American Datum (NAD 27)
North American Datum of 1983 (NAD 83) is shown by dashed corner ticks
The values of the shift between NAD 27 and NAD 83 for 7.5-minute intersections are given in USGS Bulletin 1875
There may be private inholdings within the boundaries of the National or State reservations shown on this map
This map covers a subsidence area. Evaluate relief and elevation information based on recent sources
Where omitted, land lines have not been established or are not shown because of insufficient data
