

The figure consists of three horizontal number lines, each representing a different unit of measurement for the same distance of 1 mile.

- Top line (Miles):** A single line segment from 0 to 1, labeled "1 Mile".
- Middle line (Yards):** A line segment from 0 to 2500, labeled "2500 Yards". It has major tick marks at 0, 500, 1000, 1500, 2000, and 2500. There are also minor tick marks between the major ones.
- Bottom line (Feet):** A line segment from 0 to 7000, labeled "7000 Feet". It has major tick marks at 0, 1000, 2000, 3000, 4000, 5000, 6000, and 7000. There are also minor tick marks between the major ones.

Below the feet line, there is another line segment from 0 to 1, labeled "1 Kilometer", with a tick mark at 0.5.
