

Prepared under the direction of the President, Mississippi River Commission.
Horizontal control by Mississippi River Commission and Corps of Engineers,
U. S. Army, Second New Orleans District.
Vertical control by Mississippi River Commission and Corps of Engineers,
U. S. Army, Second New Orleans District.
Descriptions, elevations and geodetic positions of bench marks may be obtained
from New Orleans Engineer District, New Orleans, La.
Topography by Corps of Engineers, U. S. Army, Second New Orleans District, 1930-31.
Revised by Mississippi River Commission, 1932-35.
Political boundaries are shown according to best available information,
and are subject to change except where established by court decision.
Boundary between First New Orleans Engineer District, Gulf of Mexico Division
and Second New Orleans Engineer District, Lower Mississippi Valley Division,
is north bank of Lower Atchafalaya River to Berwick Bay, thence through
Drews Pass to dredged channel. Thence follows west side of dredged channel.
Dashed section lines are projected. Section lines omitted where projection is in error.
Work under Flood Control Act as of January, 1935.
Polyconic Projection, North American Datum.
