INTERIOR–GEOLOGICAL SURVEY, RESTON, VIRGINIA–2001

Produced by the United States Geological Survey

Derived from imagery taken 1975 and other sources. Photoinspected using imagery taken 2000; no major culture or drainage changes observed. PLSS and survey control current as of 1979
Boundaries revised 2001

Selected hydrographic data compiled from NOS charts 11375 (1979) and 11373 (1981). This information is not intended for navigational purposes

North American Datum of 1927 (NAD 27). Projection and 10 000-foot ticks: Mississippi coordinate system, east zone (transverse Mercator)
1000-meter Universal Transverse Mercator grid, zone 16

North American Datum of 1983 (NAD 83) is shown by dashed corner ticks. The values of the shift between NAD 27 and NAD 83 for 7.5-minute intersections are obtainable from National Geodetic Survey NADCON software

There may be private inholdings within the boundaries of the National or State reservations shown on this map
