MISSISSIPPI
SEVEN PINES QUADRANGLE
GRID ZONE "C"

Prepared under the direction of the President, Mississippi River Commission.
Horizontal control by Mississippi River Commission and Corps of Engineers,
U. S. Army, Vicksburg District.
Vertical control by Mississippi River Commission and Corps of Engineers,
U. S. Army, Vicksburg District.
Descriptions, elevations and geodetic positions of bench marks may be
obtained from Vicksburg Engineer District, Vicksburg, Miss.
Topography by Corps of Engineers, U. S. Army, Vicksburg District, 1930-40.
Area outside Alluvial Valley in Holmes County taken from Map by U. S. Dept.
of Agriculture, Bureau of Soils and in Carroll County taken from County Map
May 1923, and not contoured.
Revised by Mississippi River Commission, 1933, 1935 and 1940.
Political boundaries are shown according to best available information
and are subject to change except where established by court decision.
Work under Flood Control Act shown as of December 1940.
Polyconic Projection, North American Datum.

Datum is mean gulf level at Biloxi, Mississippi. Elevations differ from mean sea level elevations as determined
by the U. S. Coast and Geodetic Survey, by small fractions of a foot. Persons interested may secure elevations of bench
marks as determined by the latest U. S. C. & G. S. adjustment, by applying to the U. S. Coast and Geodetic Survey.

Additional copies may be procured from
The President, Mississippi River Commission,
Vicksburg, Miss.
20 cents per copy
