Topography compiled 1958. Planimetry derived from imagery taken 1984 and other sources. Photorevised using imagery dated 1994; no major culture or drainage changes observed. PLSS and survey control current as of 1958. Boundaries revised 1998.
North American Datum of 1927 (NAD 27). Projection and 10,000-foot ticks. Florida coordinate system, west zone (Lambert conformal conic).
1000-meter Universal Transverse Mercator grid, zone 17
North American Datum of 1983 (NAD 83) is shown by dashed corner ticks. The values of the shift between NAD 27 and NAD 83 for 7.5-minute intersections are obtainable from National Geodetic Survey NADCON software.
Hydrography compiled from USGS chart 1255 (1956). This information is not intended for navigational purposes.
Dashed land lines indicate approximate locations.
There may be private inholdings within the boundaries of the National or State reservations shown on this map.
Information shown in purple may not meet USGS content standards and may conflict with previously mapped contours.
