UTM grid convergence (GN) and 1981 magnetic declination (MN) at center of map Diagram is approximate

The diagram shows two vertical lines representing north. The left line is labeled 'MN' (Magnetic North) and the right line is labeled 'GN' (Grid North). An arc between them is labeled '2°'. Below the lines, two horizontal distances are marked: '36 MILS' under the MN line and '13 MILS' under the GN line. A star symbol is at the top of the GN line.
