

Produced by the United States Geological Survey
Derived from imagery taken 1975 and other sources. Photosinspected using imagery taken 1994; no major culture or drainage changes observed. PLSS and survey control current as of 1977 boundaries revised 1998.
North American Datum of 1927 (NAD 27). Projection and 10 000-foot ticks: Florida coordinate system, north zone (Lambert conformal conic).
1000-meter Universal Transverse Mercator grid, zone 16 North American Datum of 1983 (NAD 83) is shown by dashed corner ticks. The values of the shift between NAD 27 and NAD 83 for 7.5-minute intersections are obtainable from National Geodetic Survey NADCON software.
Bathymetry compiled by the National Ocean Survey from tide-coordinated hydrographic surveys.
There may be private inholdings within the boundaries of the National or State reservations shown on this map.
Mean low water (dotted) line and mean high water (solid) line compiled by NOS from tide-coordinated aerial photographs.
