INTERIOR-GEOLOGICAL SURVEY, RESTON, VIRGINIA—1988

460000m E

Mapped, edited, and published by the Geological Survey

Control by USGS and NOS/NOAA

Topography by photogrammetric methods from aerial photographs taken 1948, field annotated 1951. Map not field checked

Selected hydrographic data compiled from NOS/NOAA Chart 17300 (1984)
This information is not intended for navigational purposes

Projection and 1000-meter grid ticks shown in blue:
Universal Transverse Mercator, zone 8
10,000-foot grid ticks based on Alaska coordinate system, zone 1. 1927 North American Datum
To place on the predicted North American Datum 1983 move the projection lines 39 meters north and 107 meters east

Gray land lines represent unsurveyed and unmarked locations predetermined by the Bureau of Land Management
Folio CR-12, Copper River Meridian

Swamps, as portrayed, indicate only the wetter areas, usually of low relief, as interpreted from aerial photographs

Federal reservation boundaries established by The Alaska National Interest Lands Conservation Act, PL 96-487, Dec. 2, 1980, are shown as compiled by the administering agencies

There may be private inholdings within the boundaries of the National or State reservations shown on this map
