

Prepared by the Army Map Service (AOSX), Corps of Engineers, U.S. Army, Washington, D.C. Compiled in 1957 by photogrammetric methods and from USGS and AMS quadrangles 1:250,000, 1:250,000, and 1:50,000, 1952-53. Planimetric detail revised by photo-planimetric methods. Horizontal and vertical control by USGS, USCGS, and USCE. Photography field annotated 1956. Minor corrections by U.S. Geological Survey, 1962. 100,000-foot grid based on Utah coordinate system, central and north zones, and Colorado coordinate system, central zone. 10,000-meter Universal Transverse Mercator grid ticks, zone 12, shown in blue.
