

Mapped, edited, and published by the Geological Survey with cooperation by the California Department of Water Resources Control by USGS, NOS/NOAA, and Alameda County. Topography from aerial photographs by photogrammetric methods and by planetable surveys 1953. Aerial photographs taken 1948. Revised from aerial photographs and by planetable surveys 1961. Aerial photographs taken 1960. Selected hydrography compiled from NOS Chart 5531 (1960). This information is not intended for navigational purposes. Polyconic projection, 10,000-foot grid based on California coordinate system, zone 3. 1000-meter Universal Transverse Mercator grid ticks, zone 10, shown in blue. 1927 North American Datum. To place on the predicted North American Datum 1983 move the projection lines 13 meters north and 94 meters east as shown by dashed corner ticks. Dashed land lines indicate approximate locations. Fine red dashed lines indicate selected fence lines. Red tint indicates areas in which only landmark buildings are shown. A portion of this map lies within a subsidence area. Areas covered by dashed light-blue pattern are subject to controlled inundation.

Revisions shown in purple and woodland compiled from aerial photographs taken 1979 and other source data. This information not field checked. Map edited 1980. Purple tint indicates extension of urban areas.
