

Produced by the United States Geological Survey and the National Ocean Service
Control by USSS and NOS/NOAA
Culture and drainage in part compiled from aerial photographs taken 1951-1952. Topography from planetable surveys 1958
Bathymetry compiled by the National Ocean Service from tide-coordinated hydrographic surveys. This information is not intended for navigational purposes.
Mean lower low water (dotted) line and mean high water (heavy solid) line compiled by NOS from tide-coordinated aerial photographs
Apparent shoreline (outer edge of vegetation) shown by light solid line
Polyconic projection. 1927 North American Datum
10,000-foot grid ticks based on Florida coordinate system, west zone
1000-meter Universal Transverse Mercator grid ticks, zone 17, shown in blue
To place on the predicted North American Datum 1983, move the projection lines 35 meters south and 17 meters west as shown by dashed corner ticks
Red tint indicates areas in which only landmark buildings are shown
Revisions shown in purple and woodland compiled in cooperation with State of Florida agencies from aerial photographs taken 1984 and other sources. This information not field checked
Map edited 1987
Purple tint indicates extension of urban areas
