

Diagram illustrating the relationship between GN (Geographic North) and MN (Magnetic North) for the year 1984. The diagram shows a vertical line representing the meridian. A star is at the top. A line labeled GN is slightly to the left of the meridian. A line labeled MN is slightly to the right of the meridian. The angle between GN and MN is labeled $1^{\circ}26'$ and 25 MILS. The angle between MN and the meridian is labeled $\frac{1}{2}^{\circ}$ and 9 MILS.
