

Base map prepared by the U.S. Geological Survey in cooperation with the Wisconsin Division of Highways and Wisconsin Geological and Natural History Survey. Control by USGS and NGS/NOAA. Topography by photogrammetric methods from aerial photographs taken 1959. Revised from aerial photographs taken 1983. Field checked 1984. Map edited 1984. Hydrography compiled from information furnished by Wisconsin Department of Natural Resources. Projection and 10,000-foot grid ticks: Wisconsin coordinate system, north zone (Lambert conformal conic). 1000-meter Universal Transverse Mercator grid, zone 15. 1927 North American Datum. To place on the predicted North American Datum 1983, move the projection lines 7 meters north and 13 meters east as shown by dashed corner ticks. Modification to USGS base map by the Geomatrix Service Center from 1986 and 1988 aerial photography and 1990 correction guides furnished by the Eastern Region.
