Orthophotomaps prepared from aerial photographs taken January 10, 1976. Topography by photogrammetric methods from aerial photographs taken January 1975
Field checked 1978. Map edited 1982
Supersedes topographic map dated 1944
Bathymetry compiled by the National Ocean Survey from tide coordinated hydrographic surveys
This information is not intended for navigational purposes
Mean low water (dotted) line and mean high water (solid) line compiled by NOS from tide coordinated aerial photographs
Apparent shoreline (outer edge of vegetation) shown by photomaps
Projection and 10,000-foot grid ticks: Florida coordinate system, north zone (Lambert conformal conic)
1000-meter Universal Transverse Mercator grid, zone 16
1927 North American Datum
To place on the predicted North American Datum 1983 move the projection lines 21 meters south and 8 meters west as shown by dashed corner ticks
Dotted land lines established by private subdivision of the Forbes Purchase
